

Welcome to Missions Fest™ Pretoria

T.E. Mbedzi

A special welcome to Missions Fest Pretoria. 2010 is the year of South Africa's historic event of its kind – “the FIFA World Cup”.

We thank God for our third Mission Fest at such a time as this. As we continue to celebrate, inform and challenge the body of Christ to venture more passionately into missions, God is giving us the opportunity in 2010 to meet the world in South Africa.

The theme of our Missions Fest 2010 is “Our Goal is the Harvest”. Many world class soccer players will be scoring goals for their respective teams.

May God use us to score goals for his Kingdom Harvest by reaching out to the many souls that will be coming into South Africa.

A special thanks to Central Baptist Church Pretoria for hosting 2010 Mission Fest. We are once again looking forward to the many missions exhibits and some wonderful men and women of God who will minister at our plenary and seminar sessions equipping the saints for missions.

We thank all the sponsoring churches who will participate by sending in volunteers for ushering, catering, cleaning, prayer, praise & worship and many other areas of ministry to make Missions Fest 2010 another great conference to remember for the glory of our Lord Jesus Christ.

The Great commission is our mandate from above, therefore let us continue to be obedient to this great calling which is so divine. By God's grace and mercy we can!

Let us go and make it happen!

Plenary Speakers' Biographies

Jackie Pullinger

"Too young and unqualified to join a missionary society," so I asked God what to do with my life. 'Go', he replied and repeated this whenever I asked; and when I inquired where, he added 'Go, and I will lead you'. I went. On the advice of a minister I took the cheapest ship I could find

calling in at the greatest number of countries. I got on and prayed to know where to get off.

Jackie arrived in Hong Kong in 1966 and was immediately drawn to the most notorious and dangerous city imaginable - Kowloon's Walled City. It was into the den of hopelessness and despair that she came, totally unaware of how God would transform her life and, through her, the face of Hong Kong's Walled City in the heart of Hong Kong, off the South coast of China.

Today this work has been recognized by the Hong Kong Government, by the United Kingdom (she was awarded an M.B.E. by the Queen in 1988) and by the University of Hong Kong which has awarded her an honor-honorary doctorate in Social Sciences. She has two books: "Chasing the Dragon" and "Crack in the Wall - the life and death of Kowloon Walled City".

Jackie reminds us that God's heart is towards the poor, oppressed and downtrodden. She also reminds us the City of God is a present as well as a future reality, and that reflections of it can be established even in a place like the Kowloon's Walled City.

Jackie ministering Christ's compassion

**"If the Gospel meant death to Jesus,
then why would we think
in proclaiming the gospel
it would be any less for us?"**
