“More Than a GiftA Kingdom Investment”

Can one person or one ministry change the course of world history? Is it possible for them to have worldwide impact? Every person or ministry decides whether their footprints will last beyond their lifetime or disappear into the sands of time.

You or your ministry may not change the course of world events – only God determines that. But, you can change the “history” for many by partnering with ministries who are influencing this generation.

Africa Missions is one such ministry. Your mission’s investment will find no better soil in which to sow.

Africa Missions is *experienced, capable and cutting edge*. Originating in 1994 out of the hearts of Ron and Rina Kinnear, over 1,000 leaders have been trained, over 35,000 souls have been saved and three Bible Colleges developed. Opportunities abound for your church or organization to partner with Africa Missions and help write the history of individuals and entire communities that influence the nations of Africa that need it the most.
